The General Office Training class was assisted by Mr. Wooden, who took and developed many of the pictures used in the annual.

On behalf of the senior class the Eaglette staff would like to pay a small, but deserved, tribute to Mr. Hurchel Sears.

Mr. Sears is leaving Northwestern after eleven successful years of teaching, coaching, and being an administrator.

A very capable and well-liked administrator, Mr. Sears has been the high school principal during all the high school years of the 1975 seniors.

So, the seniors say, "Thank you, Mr. Sears."

Superintendent Works With Board Of Education

Each student is a unique and independent individual. Unique in the fact there is no one else just like them in the world. And independent in the respect their actions are theirs and theirs alone.

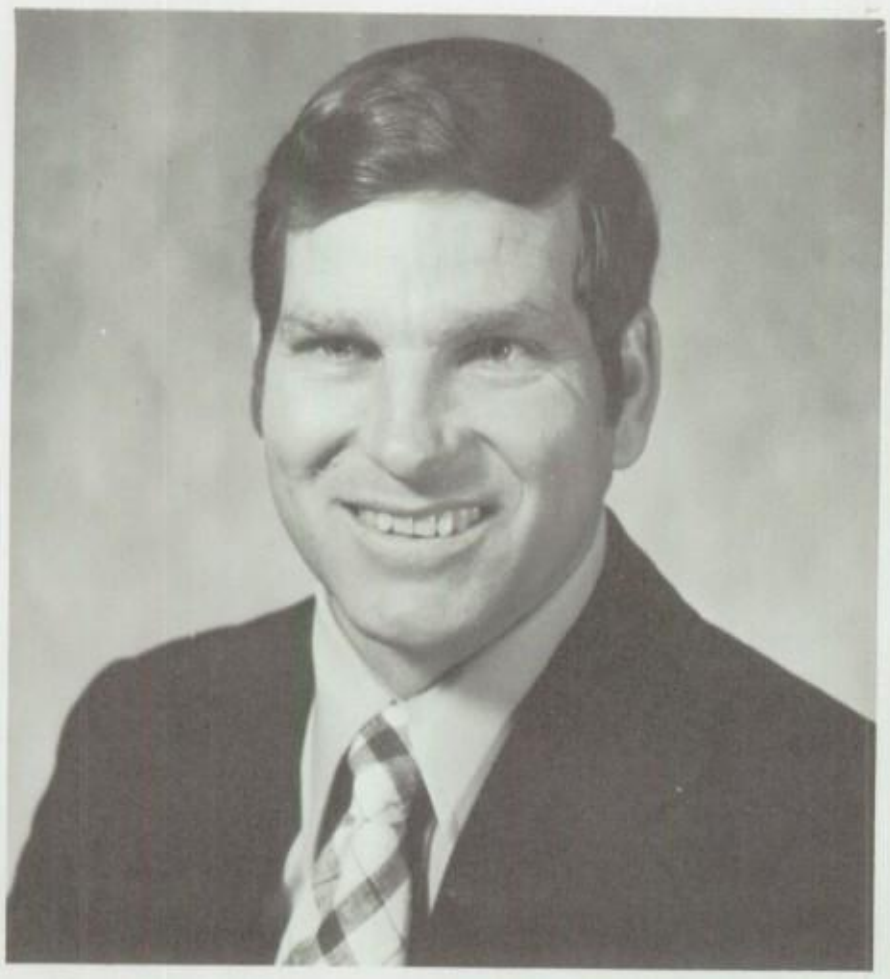
At Northwestern we strive to build on each student's individual capabilities, desires, interests, and strengths—allowing them the opportunity of becoming the best person they can.

With student, parental, and community cooperation we will succeed.

Remember, "OUR FUTURE IS IN SCHOOL TODAY."

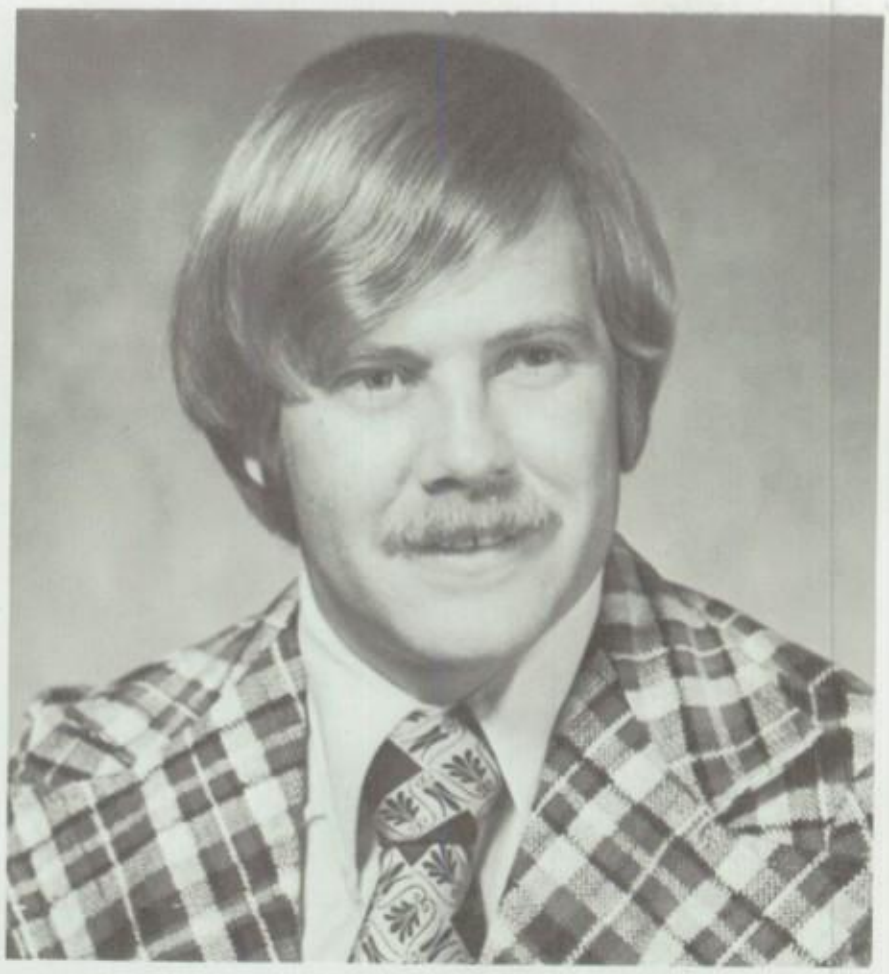
—Dennis Burnett
Superintendent

Principals Participate In State Conferences



Education in today's society needs the cooperation of all concerned to be truly successful. Parents, teachers and students must work together so that each individual student is able to develop to the fullest his abilities and interests. Successful students realize they must be able to discipline themselves and work hard. However, I believe that school should also be fun for the students. We all find work is much easier if it is in an enjoyable atmosphere. It has been said that the most utterly lost of all days is that in which you have not once laughed.

—Mr. Hurchell Sears, High School Principal



One of the primary functions of our school is to make all learning a vital, enjoyable and meaningful experience. Because of emotional, physical and intellectual growth and change, a child must be equipped to readjust himself—to develop his own potential in order to become a well-rounded, productive member of our society.

Education is the key that unlocks the door to understanding, appreciation and worthwhile participation as a member of society and as an individual. We at Northwestern R-1 are striving to provide the direction needed to explore and discover personal meaning through learning experiences—experiences vital for the individual growth of our young people.

—Mr. Lowell Ranck, Elementary Principal

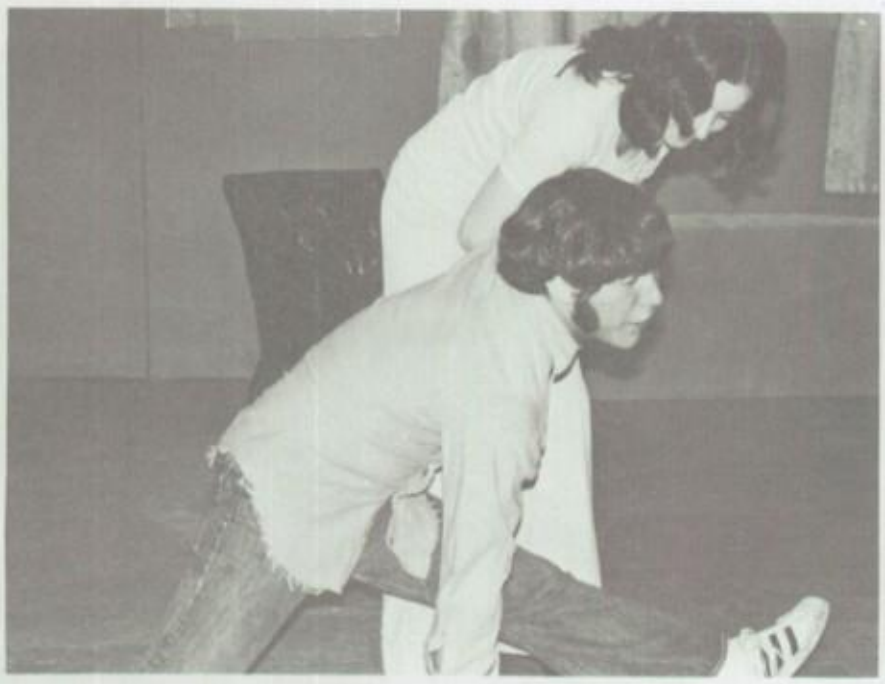
"I'm the type of boy who always liked dolls."



Mollie has trouble teaching Tom to dance.

Jodie practices before giving Tom his flirting lesson.

"Then look at me—as though you enjoyed it."

"Now you boys quit fightin' over me or I'll have to go right back to South Carolina!"

"Lucy Lee! I will not have this shockin' behavior from you any longer!"

"Randolph, I like you very much!" "I like you, too, Jenni."

"Her Kissin' Cousin" As The Senior Play

When three small town girls are confronted by a "southern belle," their antics fighting "fiah with fiah" while trying to save their boyfriends become delightful and entertaining. In a week they manage to turn an inconspicuous, shy boy into a charming gentleman. "Her Kissin' Cousin" provided entertainment for all.

"Do I have anything to say about this?"

"Jealous! Whatever gave you that idea?"

Jodie tries to teach Tom the good-night kiss.

"I don't think my mama is going to like this."

Tom finally realizes that Jenni is better for him than Lucy Lee.

Dances

"Springtime In Dixie" Is The Theme Of The 1975

On April 25, 1975 the Juniors honored the Seniors with a banquet and dance. The theme of the Prom was "Springtime In Dixie."

At the Prom, the students danced to the music of "The Rock Foundation."

The setting was that of a garden surrounding a grand mansion in Dixieland. Guests approached the mansion from a sidewheeler in the harbor where the Confederate flag flew. The garden was set with a love seat surrounded by magnolia trees beside the southern mansion which had pillars across the front. The ceiling and walls were pastel colored streamers draped from each side.

Members of the freshman class—Marsha Mauzey, Amber Serfass, Wiley Potter, and Earl Washam—served punch and cookies throughout the dance.

Junior - Senior Banquet And Prom

To The Seniors

On winged feet the four years pass
And now we honor our Senior Class.
Beyond these walls, this town, this state
A whole new world now lies in wait.
You've much to learn, we're often told,
Wisdom to gain before you're old.
But tonight—before you turn and go
Your separate ways, as well we know,
Enjoy this place, these hours, this school
In memory they'll return to you.

In the early, hot part of August, 24 eager girls reported for 1974 softball practice. After many warm afternoon practices, school began and the hard work continued through practices after school until the date of the first game.

Decked out in brand new royal blue uniforms, as a group they looked like a team; now they were about to prove it. The schedule was tough, but you don't become a good team by playing somebody weak.

After a seven game schedule, they had won four and lost three. The four wins were convincingly won; the three defeats were hard—losing two games by two runs and one game by one.

But to end the season, a 3-2 extra inning victory over previously undefeated Cairo was a perfect climax.

Power

Being Champions of the Green City Regional has been the most memorable basketball experience in more than a decade. The last time the Eagles made it to the State Play-offs was in 1960 when they defeated Canton in the Regionals. They lost the first substate game to Troy by three points in Class M competition that year.

The Eagles put up a good fight in the first game of this year's State Play-offs at Kirksville. The Eagles led the Glasgow Yellow Jackets, defending State Champs, throughout the first quarter and some of the second quarter; but Glasgow's shooting percentage and low number of turnovers defeated the Eagles 62-46.
